The environment Just 5 minutes from Santa Eulalia beach, these 57 homes will be built and delivered by the end of 2021. Santa Eulalia is a pleasant city with all kinds of facilities. There is a food street with restaurants that represent almost all world cuisines, a nice boulevard, and more and more five-star hotels are opening in Santa Eulalia. The project The building consists of 57 apartments, including common areas, like a gym and a rooftop chill out. Here is also the swimming pool with luxurious sunbeds and a beautiful sea view. There is a private parking space, and nature plays a significant role in the realization of this project. This shows at the terraces, where the walls are decorated with green vegetation and the artistic grids that connect the outside with the inside. Example apartment The perfectly finished apartments offer an oasis of light and have an open kitchen and a living room that opens onto the terrace. You can choose from a one, two, or three-bedroom apartment. The exclusive penthouses have a private swimming pool.
